GENERAL. This document, herein "warranty", provides protection on engines against damage due to the expressed use of CMD Fuel Enhancer.™ CMD Fuel Enhancer™ is designed for all combustible engines for the purpose of reducing or eliminating valve deposits, injector sludge build up and carbon deposits, thereby lowering engine heat, maintenance cost and extending engine life.

CMD Fuel Enhancer™ will NOT VOID any manufactures warranties.

If for any reason the CMD Fuel Enhancer™ is determined to be the direct cause of the engine problem, the CMD Fuel Enhancer warranty would apply. Over the past 20 years millions of gallons of the fuel enhancer have been sold and there has never been one claim. However, if you have a warranty problem with an automobile manufacturer or dealership, Cut My Dependency, LLC / CMD Fuel Research™ will assist you by analyzing the problem and providing data supporting the fact that repairs should be made under the vehicle manufacturer's warranty. If this does not resolve the problem, Cut My Dependency, LLC / CMD Fuel Research™ will submit a claim with our insurance company and request that an adjuster have the vehicle repaired and pursue legal settlement later, if necessary. That's our pledge to you. If that ever happened, both Cut My Dependency, LLC / CMD Fuel Research™ and our insurance company would make certain your problem was resolved.
